

MEETING YOUR NEEDS

At Le Brun Glezacos Lawyers we pride ourselves on providing a prompt and reliable service tailored to your needs.

Our offices are located in the legal precinct of the Melbourne CBD, as well as the business districts of both Werribee and Moonee Ponds.

We are a long established legal firm, having operated for over 40 years. We are also members of the Law Institute of Victoria, and our team of lawyers includes an Accredited Family Law Specialist.

Understanding Your Needs

We understand that your needs are unique. We focus on addressing your needs, and ensuring that we tailor an approach that is suitable for you.

We also know that approaching a solicitor for the first time can be a daunting experience. For this reason, we offer the first half hour of our initial consultation free of charge, for a range of matters. Eligible applicants may also qualify for Legal Aid funding (for police matters). In this way, we can properly evaluate your needs and advise you of our costs, with no risk to you.

For certain matter types, our costs are fixed up-front, and for some family law matters we can even take payment by instalment, or at the conclusion of the matter.

Our Practitioners

Our team of lawyers practice in all areas of law, and routinely appear in all Federal and State Courts.

We are dedicated to providing the highest level of service, and ensuring that we provide sound advice in all matters, to get the best possible outcome.

We pride ourselves on looking beyond the straightforward solution, to find the answer that is right for you.

By our maintaining a general practice, our clients are able to benefit from a range of solutions, and can be sure that no matter what their need, it can be met 'in house'.

Flexibility & Diversity

As a friendly and approachable firm that has long been established in the local community, we are sensitive to the needs of our clients. We also strip away the legalese and jargon, and ensure that our advice is given in plain English.

We also understand that with the pressures of work, family and social commitments, it is not always easy to make time to attend to matters during regular business hours. This is why we provide flexible appointments, even outside of normal business hours.

We have staff from a wide variety of backgrounds, who speak various languages, including Italian, Greek, French, Lebanese and Mandarin.

Our Guarantee

All our solicitors and staff are focused on meeting the needs of our clients, and providing a prompt, efficient service. We guarantee that the job will be done when we say it will be done.
